

10 Bad Ideas When Buying A Home

- Buy a place without walking through it first
- Forgoing an inspection
- Not using an official contract from a local real estate association
- Not getting disclosures from a seller
- Giving earnest money directly to the seller
- Not knowing all the costs associated with purchasing a home

Condominiums

- Forget to ask about any special assessments or upcoming capital improvement projects
- Not looking at the finances of the association

Single Family Homes

- Look past major structural issues
- Forgetting to do your due diligence on the history of the home
