What To Do Before A Hurricane?

Be ready to put your plan and preparation into action.

What to do when a hurricane is 6 hours from arriving

\bigcirc	family know where you are.	
	Close storm shutters, and stay away from windows. Flying glass from broken windows could injure you.	
	Turn your refrigerator or freezer to the coldest setting and open only when necessary. If you lose power, food will last longer.	
\bigcirc	Keep a thermometer in the refrigerator to be able to check the food temperature when the power is restored.	
	Turn on your TV/radio, or check your city/county website every 30 minutes in order to get the latest weather updates an emergency instructions.	
What to do when a hurricane is 18-36 hours from arriving		
	Bookmark your city or county website for quick access to storm updates and emergency instructions.	
	Bring loose, lightweight objects inside that could become projectiles in high winds (e.g., patio furniture, garbage cans); anchor objects that would be unsafe to bring inside (e.g., propane tanks).	
	Trim or remove trees close enough to fall on the building.	
	Cover all of your home's windows. Permanent storm shutters offer the best protection for windows.	
	A second option is to board up windows with 5/8" exterior grade or marine plywood, cut to fit and ready to install.	

What to do when a hurricane is 36 hours from arriving
