PLANET COMICON 2018 PLANS

It'll be my first time at this con...I can't call myself a Kansas Citian until I go!

- Friday: I'll be Victorian Kotori! I'd love to have a photoshoot, since this cosplay is by far my favorite. It's so detailed and beautiful with really nice material. I also like how I look as Kotori~
- Saturday: I'll be Tsubaki Kureha from Yuri Kuma Arashi! I'd love to get some pictures of her, too! Yuri Kuma Arashi is such a good and underrated show. You can't take it at face value though.
- Sunday: I'm going to debut Birthstone Kotori on this day! Birthstone Kotori is such a pretty card, and the costume looks really nice, so I can't wait to buy it!
- I dunno if Angelic*Angels is going, but if so we'll probably do something simple like the uniform?
- Personally I'd like to do Aqours uniforms! But it's not up to me lmao
