Holiday Decor For Your Home

Plenty of ideas below for fun ways to decorate your home this season and spread the holiday cheer!

Layer different greenery like pine, spruce and juniper on a mantel, the dining table, staircase banister, over a doorway, etc.
Incorporate birch twigs, winterberry and silver-covered pinecones for additional sparkle in the green decor
Sweeten up your home with a few Christmas roses (that belong in the "hellebore" plant family)
Also go for the classic red poinsettia plant to decorate tabletops
Add seasonal scents with candles and decorative cinnamon sticks
Instead of the traditional red/green combo, consider incorporating metallic tones for plates, napkin holders, table scape decor, etc.
Hang some oversized snowflakes
Try putting two stacked wreaths on the front door instead of one
Display holiday cards from your family/friends
Provide bowls with Christmas treats in different rooms (on living room side table, the dinning table, in the entrance hallway, etc.)
Dangle candy canes
If you have a bar or bar cart, dress it up!
Glue some shiny round ornaments together to create a christmas wreath
Change out the traditional garland with paper bells to line your stair banister or mantel
Offer a glass vase full of nuts, kumquats, cranberries and more fruity/nutty treats
Use candles & flower vases instead of garland on the dining table, side table, mantel, etc.
Use unexpected materials like feathers mixed in with the garland
