

How to make Mulled Wine

Flavorful & comforting, Mulled Wine is a winter "must" for wine lovers. Below instructions takes ~20 minutes and will serve 4-5 people.

You will need:

- ☐ 1 (750 ml) bottle of red wine
- ☐ 1 orange, sliced into thin circles
- ☐ 1/4 cup brandy (optional)
- ☐ 1/4 cup honey or sugar
- ☐ 8 whole cloves
- ☐ 2 cinnamon sticks
- ☐ 2 star anise
- ☐ Garnishes: citrus slices (orange and/or lemon), extra cinnamon sticks, extra star anise

Instructions:

- ☐ Put all ingredients in a non-aluminum saucepan, and bring the mixture to a simmer (over medium-high heat).
- ☐ Be careful not to boil! Or else you could accidentally boil out the alcohol.
- ☐ Once the mixture is at a simmer, reduce the heat to medium-low (remember, to prevent boiling), and let sit over heat for a minimum of 15-20 minutes.
- ☐ Some mulled wines will simmer over heat for a couple of hours to allow the flavors to really bloom, but that is at your discretion. You technically only need 15-20 minutes.
- ☐ Once the mixture is finished on the stove, strain it.

☐ Add whatever garnishes you choose, and now it's ready to be served!
