

10 Tips That Build Six Pack Abs with Exercise and Diet

Everyone wants "Six Pack Abs." While it's not always easy to get strong, sexy abdominal muscles, you can find your inner six pack, or at least a strong, toned, and flat belly, when you combine healthy eating, with a solid fitness routine that includes endurance, strength and specific exercises for your abs and core.

- ☐ Clean Up Your Diet
- ☐ Add High Intensity Training
- ☐ Perform Regular Cardiovascular Exercise
- ☐ Build More Muscle
- ☐ Perform Abdominal and Core Exercises
- ☐ Do The Plank Exercise
- ☐ Do Bicycle Crunches
- ☐ Do The Vertical Knee Raise
- ☐ Do Crunches on an Exercise Ball
- ☐ Play Sports That Build a Six Pack
