

Singapore Packing List: What to Pack, Year 'Round

I'm glad you asked. The definitive packing list is a great place to start, and here are some considerations specific to Singapore:

Things You Should Always Pack

- ☐ Sun Gear + Swimwear - I've always described Singapore as having Summer all year long, so always pack your best sunnies, sunblock and swimwear.
- ☐ Mosquito Repellent - Although unlikely that you'll get a serious disease from a mosquito bite in Singapore, it is always wise to bring a small bottle of mosquito repellent.
- ☐ Water Bottle - Because of the sweltering heat, it is extremely important to stay hydrated all of the time. Definitely pack one, or two, water bottles to last throughout the day.
- ☐ Antiperspirant - You don't want to be caught with unglamorous wet pits in any of your Instagram pictures so don't forget to bring your antiperspirant on this trip.
- ☐ Travel Adapter - Singapore uses the type G power sockets so you will need a converter if you are traveling from the United States, or any other country that doesn't use the G power sockets.
- ☐ Daypack - Setout packable daypack, Outbreaker daypack
- ☐ Clothing - Cotton T-Shirts work best in Singapore, comfortable sneakers, For the ladies, skirts and dresses work best, packing one nice outfit
- ☐ The Monsoon Season: November – January
- ☐ Miscellaneous Items to Pack - Penny board, Camera or iPhone, ID card with you at all times, Wet wipes, An empty stomach
- ☐ Apps For Singapore - Google Maps, Uber, Grab Taxi, MyTransport Singapore, HungryGoWhere
- ☐ Don't Miss - Tiong Bahru, Al Azhar Food Court, Coney Island Park,
- ☐ TL;DR - Packing for Singapore rarely changes throughout the year as it is relatively warm and humid all year long.
