The 25 best FPS games to play right now

Okay, this list was never going to be easy to compile. As one of the most popular, eclectic and influential gaming genres, nailing down the list of the best FPS titles to just 25 games is an almost ridiculous task. So to help narrow things down, we made some hard and fast rules. Read them before you move on.

- [ ] 25. Honorable mentions
- [ ] 24. The Darkness 2
