Bike Cleaning

Supplies to clean your bicycle

- [ ] Degreaser - you apply this to the chain, gears, anywhere that is dirty really. BE CAREFUL NOT TO PUT ON BRAKES => **ESPECIALLY DISC BRAKES**
- [ ] Soft Sponge => this is nice to get
- [ ] Hot, soapy water => dish soap works great
- [ ] Brush => to brush down the rain, cassette, etc
- [ ] WD-40 => lets not be squeaky about it. Again, careful around disc brakes
- [ ] Dry Lube / Wet Lube => apply either for the conditions
- [ ] Isopropyl Alcohol (to clean disc bra
- [ ] Garden Hose => the easiest way to rinse off your best friend is with a hose
- [ ] Car/Mechanic towel => to dry off the bike
