## **Bike Cleaning**Supplies to clean your bicycle

ESPECIALLY DISC BRAKES  ESPECIALLY DISC BRAKES
Soft Sponge => this is nice to get
Hot, soapy water => dish soap works great
Brush => to brush down the rain, cassette, etc
WD-40 => lets not be squeaky about it. Again, careful around disc brakes
Dry Lube / Wet Lube => apply either for the conditions
Isopropyl Alcohol (to clean disc bra
Garden Hose => the easiest way to rinse off your best friend is with a hose
Car/Mechanic towel => to dry off the bike
