DRONE POST-FLIGHT CHECKLIST

A post-flight checklist is an integral part of good drone ownership and operation. Building a post-flight checklist ensures that you do not skip or forget any key steps to shutting down, maintaining, and storing your drone until your next flight.

- [ ] **Flight date:**
- [ ] **Flight location:**
- [ ] **Weather conditions:**
- [ ] Land drone
- [ ] Disarm transmitter
- [ ] Disconnect transmitter battery
- [ ] Disconnect drone battery
