# How to Move Out of Your Parents' House

Bailey had been living at home with his parents for three years. The question "Should I move?" had always in the back of his mind, but, for a while, living at home and saving his money just made sense. Plus, if he was honest with himself, the thought of moving out of his parents' place usually filled him with a curious blend of anxiety, sadness, and only a touch of excitement.

- [ ] 3-6 Months of Living Expenses
