Deep Cleaning Hacks

You don't need to spend a ton of time or buy fancy products to get your house spic-and-span. Check out these deep cleaning tips to save time and money!

- [ ] Are a great way to collect the dust from the top of ceiling fan blades. Follow up with a damp microfiber cloth.
- [ ] Get rid of the grime on those treasured legos with a wash cycle in clothes washer. Use a lingerie bag to contain the pieces.
- [ ] DIY Magic Blue Cleaner. We have used this recipe for ages! It gets rid of soap scum and oil build up like none other! Mix dish detergent with vinegar. We also have 7 other recipes for homemade cleaner
- [ ] After you vacuum use static electricity to collect the bits left in the crevices. Rub a rubber gloved hand along the edges. The lint sticks to the glove as you rub.
- [ ] Lemons and salt are all you need to make your stainless steel sink shine. Perk : After you wiped outthe sink, chop up the lemon and run it through the garbage disposal.
- [ ] Your garbage disposal will be clean and your kitchen will smell wonderful.
- [ ] Hand-sanitizer and highlighters both have similar properties and are easy to use if you don't have rubbing alcohol on-hand or want something slightly less harsh/concentrated.
