3 Stages Of Interviews

Interview steps

Before the interview

- [ ] Always make Sure you execute in depth research
- [ ] Bring an extra copy of your resume, keep it tidy in a folder
- [ ] Know exactly where it is you're going — do a test run the day before
- [ ] Turn your phone off

During the interview

- [ ] Make a good first impression bv dressing well, giving firm handshakes and smiling
- [ ] Be prepared to tell them about yourself— come ready with a story that shows off your personality and relevant skills
- [ ] Stay positive — don't get baited into negative subjects or talking down on people
- [ ] Leave the subject of money until the interview gets flowing, you don't want to ask this during the early parts of an interview
- [ ] Make sure you research what your salary should be and have facts to back yourself

After the interview

- [ ] Always send a thank you letter — even if it went bad
- [ ] Don't talk about the interview on social media
