

# 6 Tips To Increase Your Online Security

- ☐ Use a lock or password for your computer and phones.
- ☐ Keep your password at least 8 characters long and avoid using words found in a dictionary.
- ☐ Go paperless - paper bank statements are 8x more likely to be stolen than paperless statements.
- ☐ Add one uppercase and a symbol to your password - it will take hackers 200 years to crack it vs. 2 hours if you use all lowercase letters.
- ☐ Log Out Of your accounts and close browser windows
