

## Section 1: Assessment

Agricultural employers can use this checklist to create a COVID-19 assessment and control plan for applying specific preparation, prevention, and management measures. This checklist is based on guidance from the CDC and US DOL (<https://bit.ly/covid-ag-cdc-dol>). \*Disclaimer\*: Checklist is for reference only and does not guarantee compliance with state or local regulations.

**Consider the characteristics of your region, worksite, space, and job tasks that may impact your assessment and control of COVID-19.**

**Monitor federal, state, and local public health communications about COVID-19.**

- ☐ 1. Ensure workers have access to current information.
- ☐ 2. Check local public health information and the CDC COVID-19 website daily, or as needed depending on local conditions.

**Designate a workplace coordinator responsible for COVID-19 assessment and control planning.**

- ☐ 1. Ensure all workers know how to contact the coordinator.
- ☐ 2. Ensure coordinator communicates in workers' preferred languages.
- ☐ 3. Ensure coordinator provides materials at the appropriate literacy level.

**Provide workers with information about where to get COVID-19 testing.**

**Regularly conduct work site assessments to identify COVID-19 risks and control strategies.** **Make and Share Free Checklists**
