

Use Google Classroom Effectively and Efficiently

Google Classroom can be even more powerful with a few tips and strategies to make it efficient and effective.

- 1. "Move to top" to highlight older material.
- 2. Email everyone in a class in the "Students" tab.
- 3. Use the right kind of comment.
- 4. Use announcements to share "right now" links.
- 5. Use the keyboard instead of the mouse.
- 6. Reuse posts.
- 7. Grade everything in one place.
- 8. Get email from Classroom the way you want.
- 9. Get ideas from others.
- 10. Get the classroom features you really want.
