## **5 Top Tips for Effective Exam Revision**

As recommended by previous university students!

| Start Early:  Don't leave it to last minute! Start revising a couple of weeks before your exams to give your brain time to absorb.                  |
|---|
| 2. Plan Your Time:  |
| Failing to prepare is preparing to fail, so plan wisely. Make a schedule to document what you will revise and when!                                 |
| 3. Avoid Your Phone:  |
| Revision is tough, but looking at social media every ten minutes won't help you learn! Put your phone away so you can focus.                        |
| 4. Practise:  |
| Athletes don't win gold without rigorous training, and neither will you! Actively practising (e.g. doing mock exams) can help re-inforce knowledge. |
| 5. Take Breaks:   |

Your body needs rest in order to get stronger, and so does your brain! Be sure to take regular breaks during revision - your

mind will thank you.
