

# 5 Ways to Refresh and Update Each One of Your Social Media Profiles

Use this checklist to do a quick social media update to all your profiles. All your profiles should be relevant, related to each social media account, and updated and refreshed every few months.

## TWITTER

- ☐ Change your profile image to something new and refreshing (for example, your pic could also go along with each season)  
You will use the same image for each one of your profiles
- ☐ Update your bio. Is it still relevant? Anything new you have done that you can add? Keep it simple and catchy. Use hashtags that are relevant to you or your business
- ☐ Schedule tweets. You can use a tool or create a spreadsheet that you can use again. Grab quotes or info from all your blog posts
- ☐ Follow some new accounts.
- ☐ Spend a few minutes a day engaging with your followers or RT their content. It will come back around.

## FACEBOOK PAGE

- ☐ Change your profile image to something new and refreshing (for example, could also go along with each season) You will use the same image for each one of your profiles
- ☐ Update your background image. Use Canva to create something professional and high quality
- ☐ Update your information. Can you add anything new? For example a new service or something you have achieved? Or add new photos of your business. Also be sure to delete old information
- ☐ Schedule a few Facebook posts. You can use a tool or create a spreadsheet that you can use again.
- ☐ Use a tool like ifttt so that everytime you post on Facebook it will automatically go to your Twitter account
