- ☐ Create mob grinder/xp farm
- ☐ Create all types of overworld farms in the overworld
- ☐ Create all types of Nether farms in the Nether
- ☐ Make a lab and decorate it using education edition items
- ☐ Create all End farms in the End
- ☐ Create a Nether Room a.k.a a structure used to protect the nether portal
- ☐ Connect your Nether room to your Nether base
- ☐ Never delete that world and keep on working on it also take screenshots every month and compare them order from least to greatest loot and luck and skill and you cannot check this achievement cuz its just a thing to be alerted about you only have to complete the other things but by following this thing
- ☐ Don't use cheats except the /seed command or command that give you no items or extra info just needed info like seeds coordinates and xyz
- ☐ Build a sky, ocean and underground bases that are connected
- ☐ Build a villager trading post
- ☐ Trade with all types of villagers in minecraft
- ☐ Get every villager in at least 1 village to the expert trader form if you do this to multiple villages you get to pick any block of your choice from the creative menu and use it in you Survival world
- ☐ each village = 1 more block and if its an item you can get 16 of the item and don't worry about the previous to do things you can still complete them because this is just a bonus
- ☐ In every update try to get the new blocks added in survival and use some of them to craft the new items or mobs
- ☐ or kill them
- ☐ When you update minecraft try to explore the new things and don't look at the minecraft description where it says whats added you have to figure it out and then check how many things you discovered
- ☐ Automate every single one of your farms
- ☐ Build a castle
- ☐ Build a cobble gen
- ☐ Build tombs for pets that you have lost through the journey (All credit goes to InfiniteLists or caylus on youtube he gave me this idea)
- ☐ Build a city
- ☐ Build a city underwater with a dome made of glass
- ☐ Create a lavafall

- ☐ Create a redstone garbage bin
- ☐ Make a roller coaster
- ☐ Expand your treehouse and make it 3 stories and decorate it further
- ☐ Make a fresh start and fly away with your elytra and put all your stuff except the elytra in your previous base and turn off your beacon who knows you'll maybe bump into it someday
- ☐ Build your real house in minecraft
