Winter Home Prep: What to do When it's Freezing Temps or a Blizzard

Are you prepared for when the freezing temperatures set in or when there's an extreme snow storm.

Use this checklist to help you prepare.

Winter Storm Prep Kit

Multiple flashlights
Extra batteries
Case of bottled water
Stock up on non-perishable food (especially before a storm) (don't forgot medications)
Snacks
Throwaway essentials (plates, napkins, forks, knives, spoons, paper towels, etc)
Extra blankets or sleeping bags for warmth
Extra portable phone charger
Battery radio
Games to play
Keep a shovel in the basement
Set up local text alerts on your phone for things like storm warnings or power outages
Your car has a full tank of gas

Home Prep

Backup generator	
Space heaters	
Make sure your carbon monoxide and fire alarms are working	
Make sure your gas heater is checked by a professional every year	
Make sure your fireplace(s) are serviced each year	
Make sure your pipes are well insulated (inside and out)	
Make sure your doors and windows are properly sealed	
Have your heat to at least 68 during the day and don't have it too low during	the night (especially if you are out of town)
Open cabinets were there is plumbing during a deep freeze (especially if yo	u are out of town)
If you are out of town leave some of your faucets on a low drip
