What to do before listing your home

Thinking about selling? Here is a list of things you should do before going live to market to be 100% prepared when the right buyer comes along.

Address any issues that may come up during an inspection now
Find warranties and documents showing maintenance of appliances and HVAC system
Consider having a home staging consultation
Clean, organize, declutter, paint, and have your home showing in its best light
Spruce up the curb appeal outside of your home
If living in a condo, gather all condo docs, recent meeting minutes, by-laws, budget, and all other information regarding the condo association
Meet with a real estate agent to talk marketing strategy, pricing, and how to sell the home for top dollar in a short amount of time
Fill out a listing agreement with your real estate agent, complete all disclosures required, and have any and all information regarding the property available
Have professional pictures taken and floor plan drawn up
Keep your house clean and always show ready for those buyers who are ready to make an offer!
