Free Download: Corporate Culture Checklist

A recent study revealed that a third of employees plan on quitting their job in the next 12 months. The leading causes are corporate culture, better work-life balance, lack of empathy from bosses, and a desire to find more meaningful work. So, it's time to change, starting with a new corporate culture.

	Schedule a meeting with each employee
	Prepare to listen and take notes
	Ask about their happiness
	Ask if their job is meaningful
	Ask how to improve the corporate culture
	Ask if you've provided the best technology to get the job done right
	Ask about their work-life balance, and if it can be improved
	Ask what they think about remote work and flex hours
	Ask if they feel valuable at work.
	Ask if they love their job and the company
